No Child Left Behind

The structure of PimsPoints is based on research and follows No Child Left Behind sect. 1118.

• We provide policy development that adheres to the requirements for Title I funding and the No Child Left Behind Act

• Our program and tool, PimsPoints, are excellent for supporting NCLB parent involvement initiatives

• We can help you track funds allocated for parent involvement activities

• Educators’ opinions and assistance are involved in every step of the way

Increased parental involvement correlates to healthier and more caring students.

Partner Program Rewards

PimsPoints values its partners and, in return, our partners benefit from a worthwhile opportunity.

Increased parental involvement correlates to healthier and more caring students.

Student success...

THE DIFFERENCE IS YOU

FACT:

Parental involvement is the most influential factor in a child’s educational growth.

Success Educational Service

Getting parents involved in their child’s education is not only beneficial to all parties involved – students, teachers, parents, administrators – it’s required by No Child Left Behind. However, implementing a successful parent involvement program can be a challenge and tough to measure. This is where Success Educational Service steps in.

We can help...

• Expand current capacity of parent and staff to have strong parent involvement
• Record and report parent involvement initiatives in accordance with state monitoring indicators
• Coordinate and integrate all your federal program’s parent involvement strategies

Our Solution

We give parents a clear path to get involved in their child’s education.

How?

• By establishing a constructive program that incentivizes parent participation (see PimsPoints)
• By tying various tools together to help you implement powerful parent involvement programs and educational growth among your students

SES Program Development

Tools for Success:

• Effective parent program development
• PimsPoints mobile app with accurate recording and reporting
• Valuable faculty training
• Individualized consulting
• Can connect to existing programs
• Expandable

We share our expertise coming from years of research and practice regarding educational success.

About Us

Success Educational Service Inc. is a consulting firm that specializes in parent involvement programming. It was founded by educator Lovell Seals to close the evident gap between students’ homes and their schools.

PimsPoints

Incentive-based Mobile App

Created by an educator with

PimsPoints is a powerful mobile app developed for parents to become engaged in their child’s education, providing various incentives based on simple use.

What’s to gain:

• Easy to use
• Available anytime via mobile
• Faculty training included
• Ability to see parent’s progress
• Does not store individual info, so there are no privacy issues
• Incentives relate to child, helping the parent to stay active on the app
• Records and tracks the parent’s involvement as required by NCLB

Check with your school to find out if they offer PimsPoints
